

Campbell Bosanquet passed away peacefully at home, surrounded by his family, early on Sunday 26th January. He fought cancer with his usual positive outlook on life, and some black humour thrown in by him to help him through some darker days.

Campbell was the organiser of the ICD North Scotland region where he ran 4 very successful Indoor Driving competitions at Fountains each year for many years up to now, with his family heavily involved in the organisation required for those and now taking them forward.

Campbell had been involved with driving trials on many levels for many years but even more so after his retirement as an airline pilot. He could often be seen driving at club events.

He supported his daughter Elinor when she competed, regularly acted as Safety Officer (despite famously breaking his ankle at Hopetoun while fetching a hammer), was the Chairman of the Scottish Carriage Driving Association and a member of the highly respected Hopetoun A Team.

When, at short notice, the National Championships relocated to Cirencester in 2014, Campbell travelled down from Aberdeen with his “green machine” and spent days grinding out tree stumps.

He received the British Carriagedriving Chairman’s Award as a member of the six man team that raised the championships event from a greenfield site in 10 days.

His numerous skills also included electrical work and plumbing and he was always ready to help anyone in difficulty.

Campbell's van contained the most amazing array of tools for any task and he enjoyed the challenge of finding a solution to every problem.

Campbell’s joie de vivre and youthful outlook belied his age and his cheerful presence will be greatly missed by all who knew him.
