Rules for Indoor Cone Driving Competitions

(Does not relate to Indoor HDT Qualifiers)

The purpose of these classes is to give drivers the chance to practice cone driving in a competitive environment – and have some fun. No one has to wait around, once you have driven you may go home if you want to, although if you want to stay and help all the better. You will be able to book in for your “slot” online (so you will know roughly when to arrive). Entries will be payable by cash on the day.

There will be 2 competitions. Each competition is open to any combination of turnout, driven by any driver, of any level. All turnouts must carry a groom. Junior drivers must be accompanied by a competent adult. All competitors must be members of IHDT

Competition One – will be driven under outdoor rules – i.e. 3 penalties for every ball dislodged plus 0.5sec for every second over the time allowed.

Competition Two – will be driven under indoor rules – i.e. 5 penalties per ball dislodged plus 1 penalty for every second under or over the optimum time.

All vehicles need to have an axle width of 125cms; cones will be set at a width of 145cms. The speed for both classes will be 220metres per minute.

Competitors will nominate before commencing each round to which class the result will be attributed.

Competitors may enter as many times as they wish (time allowing) and whichever classes.

The day will run in batches of 3 turnouts – each driver in turn will drive their first, then their second then their third round. At the end of each batch the next batch of three will drive their rounds.

The best score on the day for each competitor in each nominated competition will be used for the final classification of placings and be carried forward to a league table for all the cone driving events. Rosettes will only be given to the final league placings at the end of the season.
