THE ICKD CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The International Collective for Kids Driving (ICKD) expects all those involved in international equestrian sport to adhere to the ICKD's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

The ICKD urges all involved with the sport to attain the highest levels of education in their areas of expertise.

CHILD PROTECTION POLICY

The BEF (British Equestrian Federation) places the highest priority on safety and enjoyment, and recognises that it has a Duty of Care towards children within the horse industry. Every adult has a legal and moral responsibility to protect young people from abuse in sport.

Therefore all possible steps have been taken to ensure the safety and protection of children according to the BEF Duty of Care – Child Protection Guidelines and the Children's Act 2004, at this event
